Explore sporting DNA with ease on the Atlantis 51.

Welcome aboard, ladies and gentlemen.

Let us begin the tour.

# SHE IS PURE EXCITEMENT

[ Dark fashion plates almost merge with the windows, reborn to enhance lightness. ]

The Atlantis 51 cuts a striking, eye-catching figure on the horizon. Her luscious living areas come without compromise, owing to the passionate design and engineering behind the project. Sleek lines and smooth, responsive handling give the impression of a sportive open yacht, even as she leads the class in comfort. She is recognized by her proportions, glazed surfaces and sleek profile, as dynamic and light on the water as she is elegant and graceful.

# FREE TO CHARME

The open aft deck frames sunbathing for three in the middle of the sea. The bathing platform is just ahead, uniting the elements for a true open experience.

# WHATEVER YOU NEED WHEREVER YOU ARE

The outdoor areas are furnished with thoughtful touches and advanced materials. The choice of Batyline fabric and Dryfill padding combines friendly, natural sensations with easy care.

# EMBRACE THE FREEDOM OF AN OPEN-AIR LIFE STYLE

The cockpit lounge balances freedom and form across the indoor-outdoor deck. There is as much flexibility in the environment as in the gatherings to host, with the convertible, convivial, cushioned furniture leaving ample space for movement.

[ The folding table and freestanding sofa seats can come together to accomodate a full complement of guests for meals. ]

[ A configurable chaise lounge sits aside the helm station with a protected front-row view to navigation, keeping the pilot. ]

Now, let us discover the guest accommodations. Shall we?

# AN ENTREATING ENCLAVE

The generous lower deck includes a full galley perfectly equipped, in addition to the less formal grilling setup in the cockpit bar.

Aspiring to create an airy and roomy environment below deck, the layout develops around a central square, constituted by the alignment of the galley with the lounge dinette to unify and expand the space.

[ The master suite is wrapped with windows that flood in natural light. The wide foyer is entirely full-height, with room for a retractable vanity desk and plenty of storage. ]

[ The wide beam hosts a VIP amidships with twin beds that can be joined to form a queen-sized bed and leaves room for a generous third cabin. ]

# YOUR PERFECT STAY-CATION BETWEEN SKY AND SEA

The third cabin is designed for ergonomics with plenty of full height walking room and storage at hand. The wide window lets in plenty of natural light, just like the one in the day head, another thoughtful touch to brighten everyday life.

# ABOUT AZIMUT

# A FAMILY-MADE COMPANY CULTURE

An immense and personal passion for the sea. A clear and forward-facing attitude. A strong and relentless work ethic. Since 1969, Paolo Vitelli, the creative visionary founder and businessman behind Azimut, has been set on challenging the industry's status quo with a daring desire: bring to life an unexpected nautical experience, through yachts built to combine alluring aesthetics with construction expertise and impeccable technology.

An audacious mindset that has, over time, surprised and captivated the yachting sector, transforming Azimut into a bold and recognizable benchmark, and laying the foundation for the birth of the largest megayacht builder in the world, the Azimut | Benetti Group.

The international and management-based standing of the company today, is deeply nourished by the solid and memorable family heritage that has distinguished it from the beginning. A historically pioneering vision that enables it to continue thriving day after day, through ingenious inventions and long-term goals that look to the future with Paolo's daughter, Giovanna Vitelli.

# A SUSTAINABLE VISION TODAY, FOR TOMORROW

An avant-garde vision and a strong emotional appeal have shaped the history of Azimut as a leader in the field of nautical innovation as well as its commitment to the creation of a sustainable-oriented and attentive company culture today.

An ambitious and personal touch that has allowed Azimut to grow and evolve on both levels, embracing the challenge of a future nurtured by an eco-conscious approach to boat construction and by an authentic focus and responsibility on human well-being.

# OUR ♻️ ECO-YACHTING PHILOSOPHY

The Azimut I Benetti Group has made tangible investments to guide the Technical as well as the R&D departments toward the construction of yachts with a diminished environmental impact. Its main areas of intervention have focused on significantly lowering fuel consumption and CO2 emissions through the development of highly efficient hull designs, innovative propulsion systems and an extensive use of carbon fiber to decrease yacht weight.

# A SAFE AND HEALTHY WORK ENVIRONMENT

The forerunning shipyard of Avigliana was the first of the company's Italian shipyards to obtain the ISO 45001 certification in 2011, attesting its rigorous abidance to all occupational health and safety requirements. Recognized as the most technologically-advanced shipyard in Europe, it has also led the nautical sector revolution in terms of being among the earliest adopters of the vacuum infusion process to drive resin into a laminate, avoiding styrene emissions and therefore guaranteeing its precious workers a healthier setting.

As of 2013, all the other Italian production sites have adapted to meet the necessary requirements to obtain the ISO 45001 certification.
