

Cantieri di Sarnico 58

The 58 feet Cantieri di Sarnico embodies the philosophy of the shipyard: power and speedness meet in this 58 feet, right for wide cruises. Power and security, comfort and luxury are the four principles that have driven the project of this boat, always young, beautiful, and most of all reliable with a long-lasting commercial value, thanks to the use of high quality material. The V variable hull is perfect for any speed and condition and exploits the powerful engines with the best comfort during cruising.

The layout, witch foresees three huge cabins with en-suite bathroom, is enhanced by spacious sunbathing areas and a huge swimming platform, witch allows one to enjoy to the full sea life and water sports.

The interiors are superbly fitted with exotic woods, precious laquer and fabrics.
